- my home or business is close to the new highway
- my business will be bypassed
- has no affect on my property
- other _____

4. Do you approve of the proposed highway project? () Yes No () Not Concerned

Comments: I think there should be a sit down meeting with the public and knowledgeable persons with reasonable answers and statistic on there reasoning for new proposed Hwy. Every time they have a showing at the road for the new Hwy — that is just what it is — a showing. NO ANSWERS to any questions. IT should MATTER what the public has to say and everyone all together getting answers instead of these public displays you have been having.

5. Did this meeting provide you with the information you required? () Yes (X) No
6. Do you have any suggestions for changes to the proposed project and/or to the format of the Public Information Session?

Comments: I DO NOT believe This Hwy is NECESSARY.
CHANGES should be made FROM Glenwood TOWARDS Moncton.
THIS is where The Accidents seem To happen. THE only
ANSWER I ever got with your "Public Displays", was That
They WANT A NO ACCESS Highway because OF Accidents. They
HAD NO STATISTIC'S ON THIS MATTER. MAKE A double lane
Hwy Further DOWN From Glenwood-ON. THERE ARE A lot
OF BUSINESSES going To be AFFECTED with THIS NEW Hwy.
I THought our gov. was Trying To keep people here INSTEAD
OF driving Them AWAY. To many Miramichiers HAVE To
work OUT WEST now, why drive more OUT. I Think This
NEW Hwy IS A WASTE OF TAXPAYERS MONEY. Fix
The ROADS we HAVE INSTEAD OF WASTING MONEY
ON NEW HIGHWAY.
