Effective August 1, 2013:

Tuition for Block Training (\$600 approx.)
 Weekly Tuition (\$85.00)

New Brunswick Tradesperson Receives the Darryl Cruickshank Memorial Award

William Young received the **Darryl Cruickshank Memorial Award** from the **Canadian Council of Directors of Apprenticeship (CCDA)**, at the Canadian Apprenticeship Forum's 2012 Sixth National Conference, held in Regina, Sask. Young is the executive director of the Masonry Industry Association of Atlantic Canada and honoured for his significant contribution to apprenticeship in Canada.

"Mr. Young has shown inspirational leadership in the promotion and development of training for aspiring tradespersons here in New Brunswick," said Post-Secondary Education, Training and Labour Minister Martine Coulobme. "We are pleased his efforts are being recognized by this prestigious award."

Young's accomplishments include:

- developing an in-house training program to provide bricklaying skills;
- contributing to the development of the bricklaying trade in New Brunswick;
- contributing to the creation of a bursary program for bricklayer apprentices; and
- mentoring several apprentices who have gone on to become mentors themselves.

"Mr. Young has been a lifetime advocate for the apprenticeship program," said Coulobme. "His dedication working with government and all stakeholders to develop New Brunswick certification through the Interprovincial Standards Red Seal Program is one example of how collaboration benefits both workers and employers."

This second biennial Darryl Cruickshank Memorial Award honours contributions made by the late Darryl Cruickshank to the Interprovincial Standards Red Seal Program and recognizes the contribution of industry to the skilled trades.

The Interprovincial Standards Red Seal Program is a joint initiative of provincial, territorial, and federal governments and is guided by the Canadian Council of Directors of Apprenticeship. The Red Seal is industry's standard of excellence for the skilled trades.

Skills Canada NB and Apprenticeship and Occupational Certification (AOC) New Brunswick Champions

Skills/Compétences Canada NB, a not-for-profit organization, promotes careers in skilled trades and technologies to youth. With private sector partners, Skills Canada NB helps promote Canada's future skilled labour needs. In the spring of 2012, Skills Canada NB showcased **30 provincial qualifying competitions** which **involved 16 AOC apprenticeship students in trades and technology**.

Our **AOC Team NB Skills Canada Champions** were: Brandon Belliveau, Oromocto (Motor Vehicle Body - Medal finish), Luc Boudreau, Dieppe (Computerized Numerical Control Machinist - Silver), Jonathon Cronkhite, Fredericton (Constuction Electrician - Medal finish), Jamie Doucette, Turtle Creek (Automotive Service Technician - Medal finish), Richard Haché, Moncton (Sheet Metal - Bronze), Clarke Johnstone, Halcomb (Machinist - Bronze), Melissa Lanteigne, Cap-Pele (Welder - Medal finish), Denis Levesque, Ste-Anne de Madawaska (Refrigeration & Air Conditioning Mechanic - Medal finish), Chad Martin, Geary (Cook - Medal finish), Travis Stright, Murray Corner (Carpenter - Medal finish). **These winning students were part of Team NB which participated at the 18th annual Skills Canada National Competition in Edmonton, Alberta on May 13-16, 2012.**

Congratulations to our NB winners at the 2012 National Skills Canada Competition:

Clarke Johnstone (3rd in Precision Machining), Luc Boudreau (2nd in CNC Machining), and Richard Haché (3rd in Sheet Metal Work).

Congratulations also to:

Luc Boudreau, of Dieppe, a Computerized Numerical Control Machinist, has been invited to represent Canada at the 2012 World Skills Competition in Leipzig, Germany.

"NEW" - Facebook Group - "Women In Trades - New Brunswick"

The "Women in Trades - New Brunswick" Facebook Group is a "blog" for women in the trades or those exploring a career in the trades. Post comments on your experiences or offer or request assistance. Please share with women in trades and encourage them to join. Upload photos, post events or a message about your day in the trades in New Brunswick.

Congratulations Daryl Hay

On February 16, 2012, AOC's Daryl Hay received a **National Certificate of Recognition for Inclusive Education from the Canadian Association for Community Living** at a special ceremony at Government House in Fredericton.

Each year the Canadian National Association of Community Living offers recognition to people in communities across Canada who has demonstrated exemplary actions to promote inclusion of persons with diverse learning needs.

AOC Central & Fredericton Regional Office Team

Dave Edwards, Lori Leach, Wendy Maher,
"retired" Daryl Hay, Len Falconer, David Waugh

Daryl Hay began his career with PETL AOC as a Research and Planning Officer on Nov. 18, 1985 and retired as the Fredericton Regional Manager on Nov. 30, 2011.

It was wonderful for Daryl to receive this award on two levels. First, throughout his working career, his perseverance in ensuring no one was left behind in learning was simply humbling. Always determined to ensure apprentices who were challenged by the regular learning program received the help they needed, he set

the bar for intervention strategies within the entire Apprenticeship Program.

Secondly, it was fantastic to see Daryl receive this award for the work he has done within a program that is too often overlooked as "education." With the award focused on inclusive education, Daryl's presence sent the message that the Apprenticeship Program is indeed a **viable post-secondary education route**. This was always an important point for Daryl, so it was very fitting that upon his retirement and receipt of this award he had the opportunity, one last time, to drive his point home!

Well done Daryl. We miss you!
