

## What are Stamp Stories?

As a warm-up to heritage fairs, Stamp Stories is New Brunswick's heritage stamp design contest that students can enter. The top 5 entries will be posted on our website (<http://www.gnb.ca/Heritage/> )

A stamp design can be anything that students want it to be as long as it has a New Brunswick history or heritage theme. It might be a local historic building or landmark, one of their ancestors, a landscape, an animal, their favourite New Brunswick hero, an important historical event — anything that means something special to the individual.

## How to Enter

Draw the stamp design in the space provided on the entry form.

Entrants can use coloured pencils, felt pens, paints, paper cut-outs, or can create their design on the computer! Remember to use strong colours and solid lines.

The contest is open to students in grades 4 to 9. Students can enter as often as they like. Entries must be received by **March 1, 2017**. Have fun and good luck!

**Entry Deadline: March 1, 2017**
