4.0 Legal Authority

4.1 The *Youth Assistance Act*

4.2 Canada Games Council

5.0 Goals / Principles

5.1 The Canada Games Council, and the Sport and Recreation Branch strongly believe that better coaches develop better athletes, and equally believe that the National Coaching Certification Program is the best way to develop better coaches. In order to help ensure that Canada Games coaches would be the best possible for Canada Games level athletes, the Canada Games Council implemented minimum certification requirements.

5.2 The certification requirements for the Canada Games are now widely accepted and managed by Chef de Missions, National/Provincial Sport Organizations, coaches and the Canada Games Council.

6.0 Requirements / Standards

- 6.1 All staff listed as Canada Games coaches, assistant coaches, aboriginal coaches, women apprentice coaches, and in some cases managers are required to have coaching certification as defined by each sport's technical package. Certification must be attained a minimum of 180 days prior to the opening ceremonies of the Canada Games for team sports and 90 days prior to the opening ceremonies individual sports, unless the Canada Games Council has provided an exemption.

7.0 Guidelines / Recommendations

- 7.1 The Sport and Recreation Branch monitors the implementation of the minimum certification requirement.
- 7.2 In order to deal with exceptional cases, the Canada Games Council has a coach certification exemption process. All Team NB exemption requests must be approved by the Sport and Recreation Branch prior to him/her forwarding it to the Canada Games Council for consideration.
