

Contaminated Sites Management (CSM) Program

Department of Environment and Local Government (DELG)

Notification of Historical Contamination (NHC) Form

This form must be submitted to the DELG to notify of the presence of historical impacts/contamination discovered through excavation or site assessment activities. Submit this form to remediation@gnb.ca, along with a site plan and all sample results, including pre-remedial work and confirmatory samples. **Note:** This form is **not** to be used for notification of a current/active release of a contaminant.

1 - Contact Information

Name of Reporting Party _____ Date _____
Consulting Firm (if applicable) _____ Email _____

2 - Source Property Information

Property Owner: _____ Preferred Language: English French
Contact Name: _____ Phone: _____
Property PID(s): _____ Email: _____
Civic Address: _____ Postal Code: _____
Source Property Owner Address (if different than above): _____

Site Description (e.g. vacant, buildings, etc.): _____

Source Property is (check all that apply): Potable Non-potable
 Residential Commercial Industrial Agricultural

Is property located in a protected wellfield: No Yes Zone: A B C

Is property located in a protected watershed: No Yes Zone: A B C

3 - Contamination Information

How was the contamination discovered: _____

Cause of contamination (known or suspected): _____

Contamination type(s) (if petroleum, what type): _____

Any remedial actions (e.g. soil removal) taken: _____

Did sampling results **prior** to any remedial actions exceed applicable Tier I criteria (i.e. highest levels of soil / groundwater concentrations found at the site)? Yes No Unknown

Criteria applied to the site: _____

Is the exceedance(s) considered background concentration: No Yes If yes, attach justification.

General location of impacts/contamination: Latitude: _____ Longitude: _____

NAD83 (CSRS), Geographic (Lat, Long), Decimal Degrees (DD.DDDDD)

4 - Surrounding Properties

Any known third-party impacted properties (list PIDs): _____

Classification of adjacent properties: Residential Commercial Industrial Agricultural
(Check all that apply)

Are any neighbouring properties potable: Yes No
