

Site Plan

Check the appropriate boxes and attach a site plan (8 1/2" x 11") showing:

- the entire site (any property that has been assessed for the purposes of the site closure)
- the portion of the site (any portion of any property that has been assessed for the purposes of site closure)
- the limits of any required conditions/restrictions for site closure

Closure Documentation

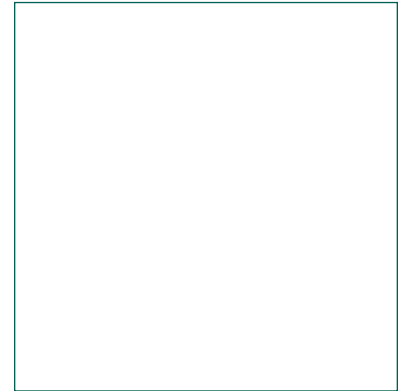

The following Closure Report pertaining to the site referenced above has been prepared by and/or overseen by a Site Professional:

Closure Report Title

Report Date	Site Professional	Company

Summary Statement of Site Professional

By signing, dating, and affixing my Professional Seal, I certify that the site as described in this Record of Site Condition and the referenced Closure Report was managed in accordance with the *Contaminated Sites Regulation – Clean Environment Act* (if applicable) and the Ministerial Protocols, and that the remaining concentration of contaminants meets the applicable criteria or will be managed in a manner so as to not pose an unacceptable risk to human health or the environment.
