

Early Childhood Educator Wage Grid

The Wage Support Program for Early Childhood Educators (WSP-ECE) is a wage enhancement program administered by the Department of Education and Early Childhood Development that recognizes early childhood education as a profession. It encourages Early Childhood Educators (ECEs) to participate in higher-level training and it provides funding to improve wages of qualified ECE and reduce staff turnover.

The Early Childhood Educator Wage Grid, effective **November 1, 2022**, recognizes an educator's training and qualifications, as well as their years of experience. Wages that are clearly articulated and predictable play an important role in the recruitment and retention of qualified ECEs.

The ECE Wage Grid sets out the required minimum wage rate operators must pay eligible educators.

The ECE Wage Grid establishes the foundation for future investments in wages for ECEs and will be reviewed annually as per the *Early Childhood Services Act*.
