September 5, 2017

Honourable Bill Fraser
Minister of Transportation and Infrastructure
Minister responsible for Intergovernmental Affairs
Minister responsible for the Regional Development Corporation
P.O. Box 6000
Fredericton, NB E3B 5H1

Dear Colleague,

New Brunswickers have entrusted our government with a mandate to move New Brunswick forward by providing clear and focused leadership. We have been listening to New Brunswickers and understand what matters most to them. We know the importance of creating jobs, growing the economy, and securing and enhancing health care and education. I appreciate the hard work you have undertaken on these priorities based on the mandate letter you and your predecessors received on October 7, 2014. This renewed mandate letter communicates our government’s priorities and expectations. It contains specific short-term and long-term priorities which are fundamental to implementing our vision.

Together, we have cut the deficit in half while creating jobs and making record investments in education and health care. While implementation continues, the tough decisions are now behind us. We have achieved results by engaging New Brunswickers, being strategic with our decisions, finding savings and efficiencies where they make sense, and focusing on the priorities of New Brunswickers.

We have a strong team and by working together, we can continue to advance our ambitious agenda. By building on the foundation our government established over the first half of our mandate, we will continue to honour our commitments.

Members of the Executive Council are to adhere to the conflict of interest provisions. It is not enough to avoid conflicts of interest; you must also be diligent in avoiding the perceptions of such.
Thank you and your department for:

**Government Commitments**

- Having created an infrastructure investment fund of $900 million in additional funding over six years.

- Having launched a provincial brush cutting program to ensure motorists have clear line of sight to make our highways safer.

- Having ensured sufficient patching of potholes to protect motorists and their vehicles by eliminating arbitrary criteria around the definition of what highway damage is considered a pothole.

- Having maintained and continuing to maintain our roads and other government infrastructure by fully implementing the asset management system...

- Having worked with the federal government to try to get New Brunswick its fair share...Sharing investments in infrastructure renewal to ensure roads and other public infrastructure are safe and to better integrate our land, sea and air transportation systems.

- Having worked with the federal government to try to get New Brunswick its fair share...Making the necessary investments to complete the restoration of the Petitcodiac River.

- Having renewed the Northern and Miramichi economic development funds.

I. **PRIORITY DELIVERY UNIT**

Priority Delivery Units (PDUs) have been established to drive performance improvements and increase accountability with respect to New Brunswick’s priorities of Jobs, Education, Families, Federal and Aboriginal Relations and Smart Province. The Priority Delivery Units support innovation and provide a mechanism for enhanced coordination and collaboration across government departments. The units are intended to serve as a forum for advancing projects and initiatives at the highest levels.

PDUs are responsible for driving government priority objectives, initiatives and measures in support of the Government of New Brunswick’s vision.
All Ministers are expected to support the work of the PDUs, as Minister responsible for Intergovernmental Affairs, you will lead the following initiatives under the Federal and Aboriginal Relations PDU:

- Project tracking Phase 1 programs - develop a master list of infrastructure projects considered for funding (under federal-provincial infrastructure funding programs).

- Provincial strategic approach related to Phase 2 infrastructure funding - develop and implement a strategic approach related to phase 2 infrastructure funding to ensure the province receives at a minimum its fair share of federal funding for infrastructure.

- Federal Engagement Strategy – develop an inventory of existing and potential federal funding opportunities to identify areas which are aligned with provincial priorities in order to receive maximum federal funding to the province.

II. GOVERNMENT EXPECTATIONS

As a member of Cabinet, you are responsible to lead progress and achieve results on the corporate priority initiatives outlined below.

Jobs

- All government departments must participate in the identification and development of opportunities and growth-oriented policies. Working with the Jobs PDU, you will participate in the development of specific economic opportunities and policies and support others to achieve both your individual and our collective targets for provincial growth.

- Government is committed to identifying and eliminating red tape that arises in interactions between government bodies and our citizens, partners, and businesses. All government departments are expected to participate in the reduction of red tape and administrative burden.

- All government departments will seek out and embrace opportunities to collaborate with our Atlantic neighbours in the harmonization of our regulations and operations.

Families

- Government is committed to increasing the number of women in positions of influence by improving the gender balance in public service executive positions and on our agencies, boards and commissions with the goal of 50% representation.

- Government is working to fully implement the Pay Equity Act of 2009 across all parts of government.
• Government is committed to carrying-out gender-based analysis as part of the policy development process.

• Government is taking action on The Plan on Official Languages – Official Bilingualism: A Fundamental Value, a government-wide plan to improve respect for government’s linguistic responsibilities.

**Smart province**

• All government departments are expected to participate in the implementation of Strategic Program Review initiatives as required.

• All government departments will continue to work towards meeting financial targets to reduce the deficit and restore balance to the budget by 2020 without making cuts to jobs, education and health care.

• All government departments are expected to participate in the implementation of the open data initiative, whereby appropriately-prepared, government-held data are made available proactively, either through the open data portal for its reuse and consumption or for research through the New Brunswick Institute for Research, Data and Training.

• Government is committed to fostering a culture of openness and transparency in the public sector. The Lobbyist Registration Act will allow the public to know more about who is attempting to influence government while also providing more rigour around lobbyists' activities.

• All members of the Executive Council are reminded that the 10 per cent reduction to ministerial pay will remain in place until we’ve balanced the provincial budget.

• All government departments must participate in initiatives designed to respect the public service and to support them in the pursuit of excellence around three themes: pride, productivity and professionalism.

**Federal and Aboriginal relations**

• All government departments are expected to work with the Aboriginal Affairs Secretariat to ensure that the province’s Duty to Consult with First Nations is discharged in all matters that may impact the practice of Aboriginal and treaty rights.
• All members of Executive Council and senior leaders will attend a specialized training session on the province’s Duty to Consult provided by the Aboriginal Affairs Secretariat.

• All government departments are expected to implement the calls to action identified by the Truth and Reconciliation Commission of Canada.

III. DEPARTMENT SPECIFIC DELIVERABLES
In your capacity as Minister, you are responsible for ensuring that our deliverables pertaining to the organization(s) under your authority are implemented. Look to your Deputy Minister as your primary source of support for the implementation of your department-specific deliverables.

IV. DEPARTMENT EXPECTATIONS
The Office of the Premier and Executive Council Office play a critical role in moving the government agenda forward, monitoring performance and managing critical issues. It is important to work together and for you to coordinate with the Office of the Premier and Executive Council Office, to:

• Work collaboratively on policy and legislative proposals and legislative planning, and issues management.

• Respond in a timely manner to all requests for information and support, including those received under the Right to Information and Protection of Privacy Act.

• Coordinate public consultations and marketing campaigns with corporate communications to improve efficiency and effectiveness.

• Support the public service’s Formal Management System and regular review and reporting to ensure focused identification, prioritization, and execution of government’s strategy using SMART methodologies.

V. RESPONSIBILITIES FOR CROWN ENTITIES
In addition to your other responsibilities, as Minister of Transportation and Infrastructure, you are responsible for:

• *New Brunswick Highway Corporation
As Minister of responsible for Intergovernmental Affairs, you are responsible for:

- Order of New Brunswick Advisory Council

As Minister of responsible for the Regional Development Corporation, you are responsible for:

- *Regional Development Corporation

Under the Accountability and Continuous Improvement Act, government is responsible for the legislative, regulatory, and public policy frameworks in which Crown entities operate. In order to support the achievement of government's performance expectations for those Crown Corporations to which the Act applies (starred), you will:

- Provide formal annual direction to crown entities through mandate letters.

- Support the corporate annual planning cycle by providing tools and resources to the crown entity, as required.

- Review and provide feedback and final approval of the entity's annual plans and annual reports.

- Meet with the entity to review progress towards achieving results and provide direction to the entity, as required.

The above list of responsibilities is not meant to be exhaustive; we will continue to work on New Brunswick's priorities and get things done. It is by working together and making smart decisions that we will accomplish our vision.

Yours truly,

[Signature]

Brian Gallant

c.c.: Clerk of the Executive Council and Secretary to Cabinet
Deputy Minister of Transportation and Infrastructure
Deputy Minister of Intergovernmental Affairs
President of the Regional Development Corporation
