# Fruit and Vegetable Industry Development Program

**Application Form**

### Applicant Information

<table>
<thead>
<tr>
<th>Field</th>
<th>Information</th>
</tr>
</thead>
<tbody>
<tr>
<td>Applicant Name – Registered Business or Individual</td>
<td>(Contribution will be payable to this name)</td>
</tr>
<tr>
<td>Contact Name (if different than Applicant Name)</td>
<td></td>
</tr>
<tr>
<td>Route or Street Address</td>
<td>E-mail address</td>
</tr>
<tr>
<td>City/Town/Village</td>
<td>Province</td>
</tr>
<tr>
<td>Home/Work Tel. Number</td>
<td>Cellular Tel. Number</td>
</tr>
<tr>
<td>Cheque Payable to: (please check one box)</td>
<td>Commodity Group: (fruit or vegetable)</td>
</tr>
</tbody>
</table>

**I prefer future correspondence in:**

- [ ] English
- [ ] French
- [ ] français
- [ ] anglais

<table>
<thead>
<tr>
<th>Field</th>
<th>Information</th>
</tr>
</thead>
<tbody>
<tr>
<td>I prefer letters be communicated to me by email</td>
<td></td>
</tr>
<tr>
<td>Are you a new entrant? New entrants are defined as individuals who have owned a farm for five years or less</td>
<td></td>
</tr>
<tr>
<td>Yes</td>
<td>No</td>
</tr>
</tbody>
</table>

If yes, provide a brief overview of your training/experience with vegetable and fruit production:

__________________________________________________________________________________

---

### 1. Project Title:

---

### 2. Indicate which program element(s) you are applying under and amount of funding requested:

<table>
<thead>
<tr>
<th>Element</th>
<th>Amount Requested</th>
</tr>
</thead>
<tbody>
<tr>
<td>Element A (Season Extension)</td>
<td>$ ____________</td>
</tr>
<tr>
<td>Element B (Pre-Cooling/cooling, Freezing and/or On-Farm Storage)</td>
<td>_________$</td>
</tr>
<tr>
<td>Element C (Scaling-up)</td>
<td>$ ____________</td>
</tr>
<tr>
<td>Total</td>
<td>$ ____________</td>
</tr>
</tbody>
</table>

---

### 3. Describe the existing technologies, equipment and/or equipment currently used that relate to your project:

<table>
<thead>
<tr>
<th>Technology</th>
<th>____________________________________________</th>
</tr>
</thead>
<tbody>
<tr>
<td>____________________________________________</td>
<td></td>
</tr>
<tr>
<td>Crop(s) involved</td>
<td>____________________________________________</td>
</tr>
<tr>
<td>Dimensions and/or storage capacity</td>
<td>____________________________________________</td>
</tr>
</tbody>
</table>
4. **Element A - If applying for season extension technologies, provide the following information:**

   Type of technology: __________________________________________________________
   
   Crop (s) involved: ____________________________________________________________
   
   □ Temporary structure    □ Movable    □ Permanent
   
   Dimensions: ___________________________  Total cost per ft\(^2\) or m\(^2\): ____________________
   
   Expected Incremental annual revenue $ ________________________
   
   Provide the objectives of this project and how it will contribute to the growth of your operation.
   
   __________________________________________________________
   
   __________________________________________________________
   
   How will these season extension technologies increase and extend production? Will it enable the production of new crops?
   
   __________________________________________________________
   
   __________________________________________________________
   
   Provide a detailed description of the structure including the ventilation, watering and anchoring systems, and site preparation (ex: to ensure adequate drainage). Provide quotations from suppliers.
   
   __________________________________________________________
   
   __________________________________________________________
   
   __________________________________________________________
   
   Will the structure be installed on a property owned by the applicant? Yes: ____ No: ___
   
   Expected completion date: __________

5. **Element B - If applying for pre-cooling, cooling, freezing and/or on-farm storage technologies, provide the following information:**

   Type of technology: __________________________________________________________
   
   Crop (s): __________________________________________________________
   
   Part of an existing building    □ No    □ Yes
   
   Dimensions: ___________________________
   
   Expected Incremental annual revenue $ ________________________
   
   Provide the objectives of this project and how it will contribute to the growth of your operation.
   
   __________________________________________________________
   
   __________________________________________________________
   
   __________________________________________________________
How will these pre-cooling, freezing and/or on-farm storage technologies contribute to the preservation of fruits and vegetables and enable access to off-season markets?

Provide a detailed description of materials used for interior wall covering, type of insulation and thickness and type of flooring; and description of ventilation, heating/curing, pre-cooling, cooling and/or freezing systems; provide a plan of the building with the dimensions and percentage of % area of the building to be used by these technologies; and provide quotations.

Will the infrastructure be installed on a property owned by the applicant? Yes: __ No: __

Expected completion date: __________

6. Element C- If applying for scaling-up with equipment and related material, provide the following information:

Type of equipment and related supplies: ___________________________________________________________

Crop (s) involved: __________________________________________________________________________

Expected incremental annual revenue $: _________  Additional acreage: __________

Additional capacity (volume or weight of produce): _______________

Provide the objectives of this project and how it will contribute to the growth of your operation.

___________________________________________________________________________________________

___________________________________________________________________________________________

___________________________________________________________________________________________

How will the equipment and related material allow for additional production capacity?

___________________________________________________________________________________________

___________________________________________________________________________________________

Provide a detailed description of the equipment and related supplies, including production capacity. Provide quotations.

___________________________________________________________________________________________

___________________________________________________________________________________________

___________________________________________________________________________________________

Will the equipment be installed and used on a property owned by the applicant? Yes: ____ No: ___

Expected completion date: __________

**Under Element C, percent contribution will be determined based on the merit of the project including, but not limited to, the impact the project will have on the operation, the value related to the additional production capacity and whether the project involves other producers (additional space is available on the following page for supplemental project information).**
Projects will be reviewed on a first come first serve basis until funds are exhausted
Costs incurred prior to project approval are not eligible for assistance
Deadline for application submission for this program is November 1st, 2020

DECLARATION AND SIGNATURE(S)

I/We hereby declare that the information provided in this application is true and correct in every respect.

I/We understand that information provided on this form is subject to the provisions of the Privacy Act of Canada, the Access to Information Act of Canada and/or the Right to Information and Protection of Privacy Act of New Brunswick.

I/We also understand that failure to comply with all the application requirements may delay processing of the application or render me/us ineligible for assistance under the program.

I/We agree that I/we will be responsible for ensuring the technical and structural adequacy and legal requirements of this project. I/We will observe and abide by all applicable Federal, Provincial and Municipal laws and regulations.
