The curriculum framework is informed by national and international scholarship. In particular, the following have influenced us:

Starting Strong papers and Early Childhood Country Profiles, Organization for Economic Cooperation and Development (OECD); Scholarship disseminated by the Child Care Resource and Research Unit, Toronto, Ontario; Te Whariki, New Zealand Curriculum; Essential Learnings and Essential Connections, Tasmanian Curriculum; The Practice of Relationships, The New South Wales Curriculum; Curriculum for Pre-School, The Swedish Curriculum.

Thanks are due to the adults and children who were generous with their time, knowledge, and spirit when we visited their early learning and childcare programs.
ACKNOWLEDGEMENTS

We are inspired in our work by the commitment of early childhood educators throughout the province and by the children in their educational care.
