EARLY CHILDHOOD SERVICES

The Early Childhood Services branch is responsible for the development, design and monitoring of all departmental early childhood and school-based programs and services.

We are pleased to share the New Brunswick 2013-2014 Child Day Care Services Annual Statistical Report. The information contained in this report will provide the user with an overview of Child Day Care Services in New Brunswick.

This report provides a profile of New Brunswick Child Day Care Services for 2013-2014 and in some cases data from previous fiscal years so the user will be able to track trends. It reports on programs that support the child day care facilities and the families and children who access child day care services in New Brunswick. It also provides a picture of the investments that Education and Early Childhood Development has made in child day care services during this reporting period.

The Child Day Care Services Program is responsible for representing the public interest in matters related to the safety and healthy development of young children from birth to 12 years of age who are in non-parental child day care arrangements primarily while their parents are working, studying or in training. Child Day Care Services are legislated under Part II of the Family Services Act, Day Care Regulation 83-85 and the Child Day Care Facilities Operator Standards.

Staff Profile (2013-2014)

Estimated 3,611 educators in 2013-2014 (as of March 31, 2014) were employed at approved child day care facilities across the province. One individual educator may be employed at more than one licensed facility (i.e. preschool and after school) and therefore could represent two positions/educators.

Average hourly wage amounts include QIFS wage enhancements of $2.75/hour or $2.91/hour untrained and $4.75/hour trained.

DAY CARE ASSISTANCE PROGRAM

The Day Care Assistance Program is designed to help New Brunswick families obtain the best possible child care for their children. This program offers parents or guardians financial assistance to help them access an approved, licensed day care facility. If parents or guardian have no access to a child day care facility, either because they work evenings, nights or weekends or because there is no licensed child day care facility near where they live they can obtain private child care through the Alternative Child Care Program.

Maximum Daily Rates

As of October 2013

- Infants - $27.50 / day
- Preschool - $23.75 / day
- School Age - $12.50 / day

Take-Up

- 5,332 children in approved child day care facilities benefited from the Day Care Assistance Program in 2013-2014.
LICENSING AND MONITORING PERFORMANCE INDICATORS

In New Brunswick, a Certificate of Approval is required to operate a day care facility. Certificates of Approval are issued for a twelve month period. However, under specific conditions, a temporary approval may be issued for a designated period of time, not to exceed six months.

Early Childhood Services Coordinators approve and monitor the child day care facilities, investigate complaints and provide program support. The approval and renewal process ensures minimal standards of health, safety and well-being for young children in non-parental care.

The chart below indicates the annual average percentage of facilities by region operating with a valid Certificate of Approval. A valid Certificate of Approval is an indicator that the day care facility has been inspected and is in compliance with the Day Care Regulation 83-85 prior to expiry of their current Certificate.

The following chart represents the number of complaints filed during the 2013-2014 fiscal year.
Number of Day Care Facilities by Region and Complaints filed 2013-2014

**This chart is based on caseload distribution by region rather than on the physical location of the day care facilities.**
DEFINITIONS

Administrator means a person appointed by an operator who works on-site at the facility and supervises the day-to-day activities. Administrators may also own the facility and have the title: Operator, Director, or Manager.

Administrator/primary staff is a person who is the facility administrator and spends seventy-five percent or more of their time at the day care facility providing day care services directly to children. A community day care home operator would be considered to be administrator/primary staff.

Age Categories: In child day care services, there are three program types that serve different groups of children:
- Infant – serves children under the age of two years old;
- Preschool – serves children (over 2 years old) who are not yet enrolled in kindergarten;
- School aged – serves children who are enrolled in school.

Approved means the day care facility has been issued an approval to operate from the Minister of Education and Early Childhood Development.

Child day care facility refers to both a day care center and a community day care home.

Community day care home means a home in which day care services are provided for 6 or less children between the ages of infants through 12 years of age.

Day care centre means a facility in which day care services are provided for 7 or more children of a combination of ages (infants through 12 years of age).

Day care services means the care and supervision of a child for a period of less than twenty-four hours in a day care facility.

Eligible employees are primary staff members, administrator/primary staff, on-site administrators, and relief staff.

Employee means a person who performs work for or supplies services to an employer for wages.

Primary staff member means (a) an operator, or (b) a person employed in a day care facility that spends seventy-five percent or more of their time at the daycare facility providing day care services directly to children. This is a permanent position.
Recognized Early Children Education Training means the completion of early childhood education training through a program or institution recognized by the Department of Education and Early Childhood Development.

Relief worker is a person who is hired on an irregular, casual basis to fill a full time or part-time permanent position of a primary staff member who is unable to work for any reason.

Wage is money paid to an employee for work done that is usually figured on an hourly, daily, or piecework basis.
