Introduction

The Early Childhood Educator Tuition Reimbursement Program is a grant program under the umbrella of services offered by the Early Childhood Operational Support Services branch of the Department of Education and Early Childhood Development.

The program's aim is to support and promote learning and development in early childhood, in alignment with the requirements set forth by Early Childhood Services Act as well as the New Brunswick 10-year Education Plan. By supporting the training and labour force participation of Early Learning and Childcare educators, government is supporting the improvement and quality of Early Learning and childcare programs and services offered in New Brunswick.

This program is made available to individuals currently employed as educators in an approved early learning and child care facility in New Brunswick.

To qualify for this program, individuals will be required to obtain a supplier number/name from Service New Brunswick. Funds will be forwarded directly to the applicant, upon submission, review and approval of application. A GNB Supplier Registration/Direct Deposit Form is provided with your Application Form.

Training Assistance for the Early Childhood Education (ECE) Certificate or Diploma

Training of Early Learning and Childcare educators is an important determinant of the quality of care children receive. Educators must be warm and emotionally engaged with children but also have the necessary knowledge, skills and abilities to stimulate their overall development.

Funding of up to **\$3,000** is available to:

- Educators, currently employed in a Licensed Early Learning and Childcare facility, who are working towards their Early Childhood Education (ECE) Certificate or Diploma on a part time basis for courses (part of the ECE program) completed on or after January 1, 2007; or

3. have paid for the course fees in advance. Funds will only be paid once the applicant has

provided confirmation from the training institution stating the final grade and a copy of the receipt (required to verify the eligible amount). If the Early Childhood Education (ECE) Certificate or Diploma was not successfully completed, then **no** funding for the cost of the course will be provided.

4. are enrolled in the Early Childhood Education (ECE) Certificate or Diploma programs at one of the following New Brunswick training institutions recognized by the Department of Education and Early Childhood Development:
