

EDUCATION DROPOUT STATISTICS

September 30, 2011 to September 30, 2012

**Policy and Planning Division
Department of Education and Early Childhood Development**

The following report is based on student tracking information provided by all New Brunswick public schools that house grades 7 and higher.

For the purpose of this report, enrolment includes only those students who were active on September 30 of a given year and had not previously graduated.

The dropout count is based only on students who were active on September 30, dropped out and did not return to school by the following September 30.

The tables that follow provide dropout statistics for the period September 30, 2011 to September 30, 2012 and include summary figures for previous reporting periods starting September 30, 1999.

Students attending alternative learning centres affiliated with a public school are counted as part of the school's enrolment. This contributes to/affects the dropout rate for that particular school.
