<sup>1</sup> The graduation rate is calculated by dividing the number of graduates of any given age by the total population of that age (Statistics Canada population estimate, based on census figures).

<sup>2</sup> The dropout count is based on students who were active on September 30, dropped out and did not return to school by the following September 30.

<sup>3</sup> This ratio is defined as the total student enrolment divided by the number of full-time equivalent educators.
