Muscular Dystrophy Canada

Muscular Dystrophy Canada's mission is to enhance the lives of those affected by neuromuscular disorders by continually working to provide ongoing support and resources while relentlessly searching for a cure through well funded research. They help people through four key areas:

- **Equipment:** The Equipment Program relieves financial pressures for individuals who do not have coverage through private or government programs.
- **Support:** They help clients connect with the resources they need and provide opportunities for persons with neuromuscular disorders to connect with one another.
- **Information/Education Services:** They provide up to date and credible information and provide educational opportunities.
- **Advocacy:** They speak on behalf of families affected by neuromuscular disorders and work to empower individuals to advocate for themselves.
