Photomontage Locations with original photographs

The following shows the original photographs before editing or rendering of the wind turbines.

Original Photos and Photo Information

1. Rue Acadie - Grand-Anse Rink:

Position:

N47.81125° W65.18523°

Elevation: 14 m

Azimuth: 245 degree

Height of Camera: 6 feet

Focal Length: 21 mm

Reference Point – Power Pole in Picture

- Position: N47.81094°
W65.18568°

2. Highway 330 - 69kV line:

Position: N47.76295°

W65.19789°

Elevation: 27 m

Azimuth: 310 degree

Height of Camera: 6 feet

Focal Length: 31 mm

Reference Point – Pole in Picture (far right)

- Position: N47.76308°
W65.19838°

Pokeshaw Black Rock Wind Project

Photomontage – Appendix F

3. Crossroad Highway
330/135:

Position:
N47.75366° W65.20779°
Elevation: 36 m
Azimuth: 345 degree
Height of Camera: 6 feet
Focal Length: 18 mm

Reference Point – Pole in
Picture (far right)
- Position: N47.75406°
W65.20797°

4. Highway 135/11:

Position:
N47.78554° W65.25779°
Elevation: 13 m
Azimuth: 120 degree
Height of Camera: 6 feet
Focal Length: 18 mm

Reference Point – Pole in
Picture (mid right)
- Position: N47.78507°
W65.25704°

5. Trail north of
Windfarm

Position:
N47.78517° W65.22768°
Elevation: 23 m
Azimuth: 144 degree
Height of Camera: 6 feet
Focal Length: 28 mm

Reference Point – Met
Mast
- Position:
N47.78199°
W65.22393°

Photomontage Results

Photomontage 1: Rue Acadie – Centre Edmond E. Landry

Pokeshaw Black Rock Wind Project
Photomontage – Appendix F

Photomontage 2: Highway 330 - 69kV line (Turbine #1 is blocked by trees to the right of the power line).

Pokeshaw Black Rock Wind Project
Photomontage – Appendix F

Photomontage 3: Intersection of Highway 330/135:

Pokeshaw Black Rock Wind Project
Photomontage – Appendix F

Photomontage 4: Intersection of Highway 135/11

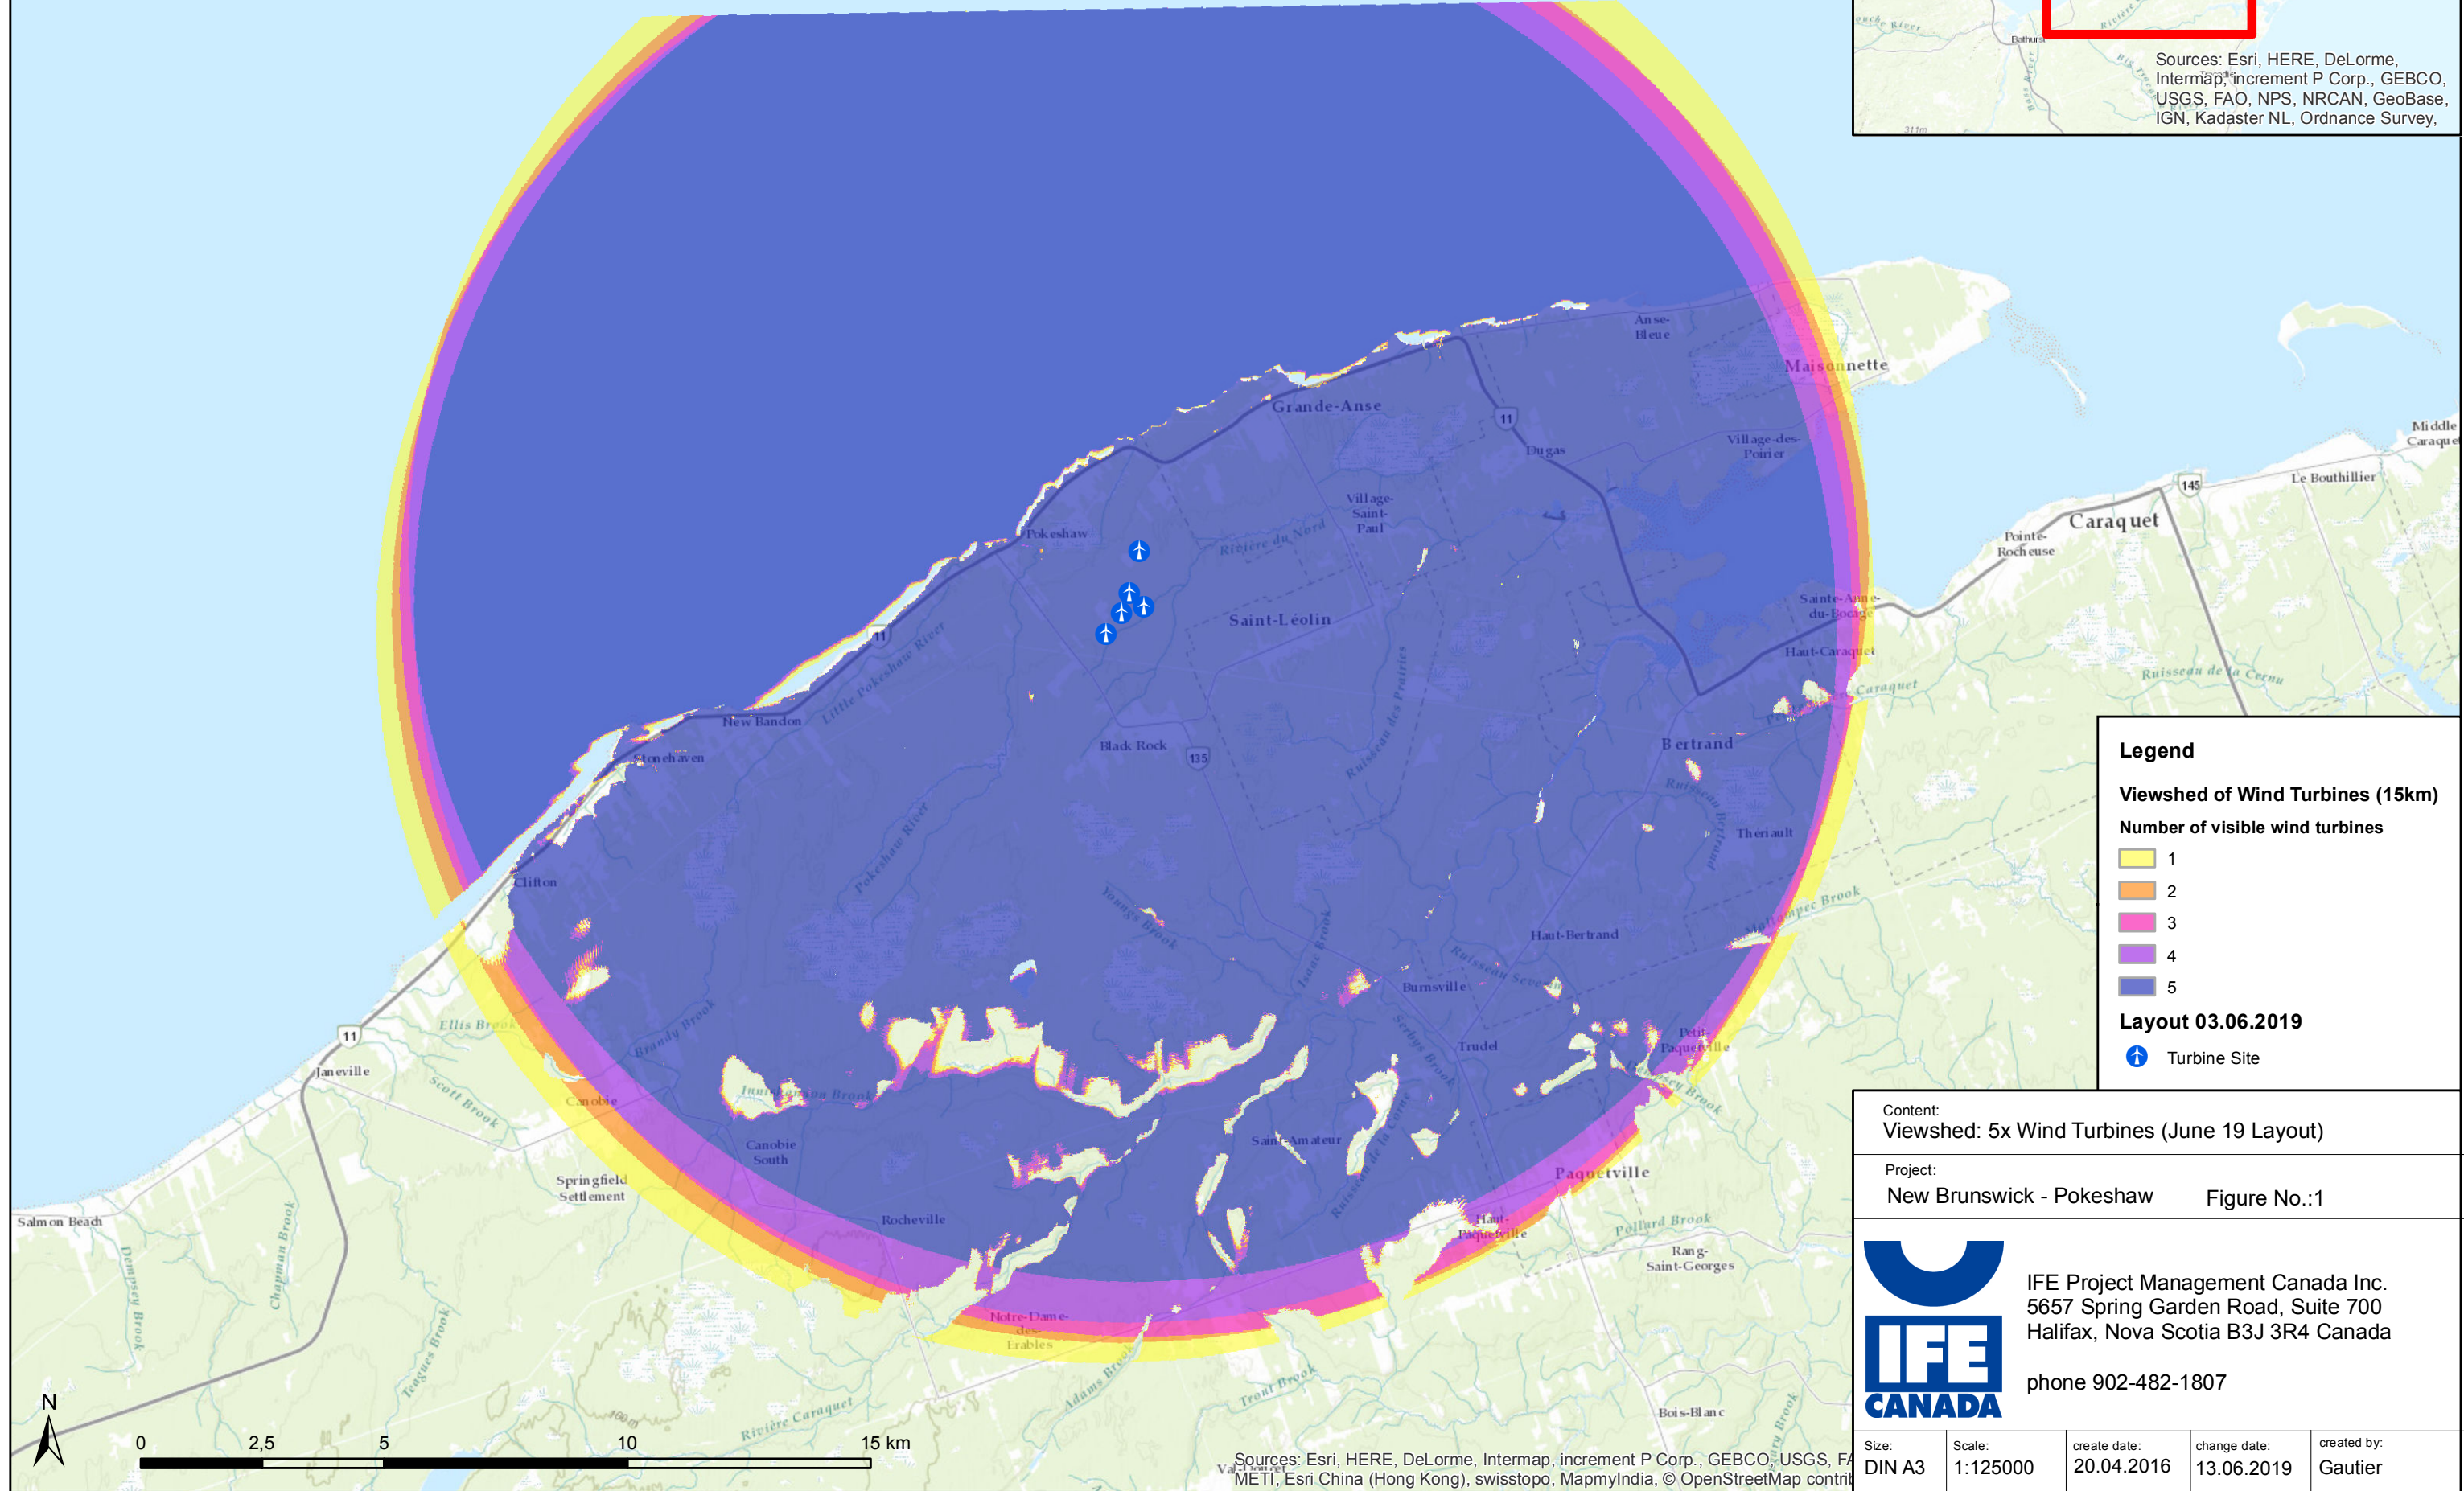

Pokeshaw Black Rock Wind Project
Photomontage – Appendix F

Photomontage 5: Trail north of the planned Windfarm
