

Application for Property-Based Detailed Scientific Reports and Information

Please note that results may contain specific reports and information documents, where applicable, such as Environmental Site Assessment Phase I and Phase II Reports or Site Closure Reports, etc. and related documents. Applications are subject to a \$30 per hour research fee therefore it is recommended requests be as specific as possible.

It is advised that an Application for Basic Property-Based Environmental Information be made first as this may satisfy your requirements. To apply for basic property-based information, please refer to the application form available on-line at www.gnb.ca/environment or www.snb.ca/pbei-iebb or in person at Service New Brunswick.

Please include a detailed description of the documents you are requesting here. It is recommended that the request be as specific as possible in describing the type of records being requested (i.e. Environmental Site Assessment Phase I and Phase II Reports or Site Closure Reports, etc.) in order to identify the requested record(s).

Additional Information:

All mandatory fields are marked with asterisks (*). These fields must be completed in order to process this application form. Incomplete application forms may result in delays.

A non-refundable fee of \$30.00/ hour plus HST will be charged for research and preparation of documentation related to the request. Once the information gathering process is complete an invoice will be mailed or faxed to you. The information package will be provided to you once payment has been received. Cheques/Money orders are to be made payable to the "Minister of Finance".

The absence of departmental records in this search does not necessarily indicate that the site has not been subject to an environmental incident. The only way to determine with assurance that a property is free of contamination is to conduct an intrusive investigation on the property.
