## What is the New Brunswick Drug Plan?

The New Brunswick Drug Plan is a prescription drug insurance plan that provides drug coverage for New Brunswickers without drug insurance. It will help New Brunswickers afford the drugs they need based on their ability to pay and coverage will not be denied because of age or pre-existing medical conditions.

## Who can enrol?

Uninsured New Brunswickers with a valid Medicare card can choose to enrol in the plan.

## What does the plan cover?

The plan covers more than 5,000 prescription drugs, including many high cost drugs. The plan does not cover other health benefits such as vision and dental care.

## How much does the plan cost?

Members pay monthly premiums to be part of the plan and pay a 30% copayment up to a maximum amount per prescription. Premiums and copayments are based on income.
