

Rosetta Stone Upgrade: Progress Tracking Instructions

The *Rosetta Stone* platform we offer through the library will be upgraded. With the change in platform, your user profile will be reset, and you will need to re-register to the program using the same website and log in method as before.

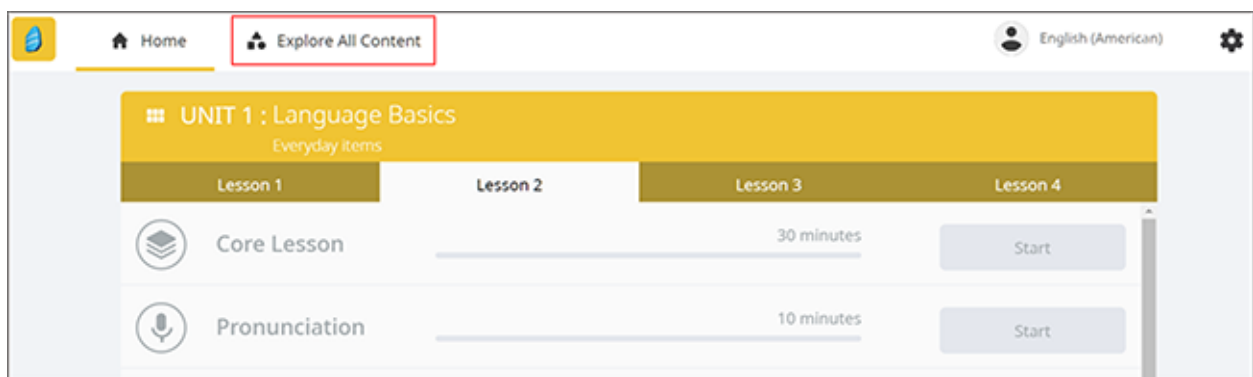

Please record your last activity (instructions below) prior to the last few weeks of November. You will be able to navigate back to your last activity once you have re-registered for a new license.

Where did I leave off?

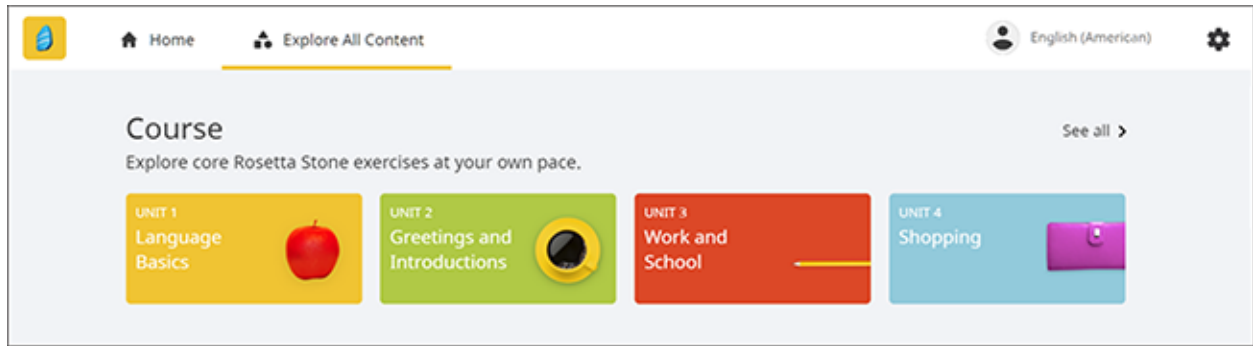

You will find your Unit at the top left (in this case UNIT 1). Below that will be your Lesson (in this case Lesson 2). Your Activity will be just below the Lesson number.

Once you have registered for a new account, here is where you can access all the content and navigate back to your original activity. Click on **Explore All Content**.

From here you can navigate to all the available content.

If you click **"See all"**, you will see the full contents of all Levels. Each Level has 4 Units.

Migration of the platform will start mid-November and is expected to be completed December 31, 2023. We apologize for any inconvenience this may cause.
