2020 Crown Reserve Angling

Crown Reserve angling will proceed this summer with some changes due to the COVID-19 pandemic in an effort to keep New Brunswickers safe.

Successful applicants will still have the opportunity to enjoy these prime angling waters; however, the camps will be closed on the stretches that have accommodations. Anglers will need to make alternate plans to either camp outdoors on the property, on other crown land or commute.

Physical distancing measures will be in place for Crown Reserve fishing. Party members outside of their family and friends bubble will need to travel and camp separately.

We ask that all waste be removed, and parties leave the area cleaner than it was upon arrival.

We will be offering a discounted rate for the summer season. This rate will be at the September (fall) rate as indicated here;

https://www2.gnb.ca/content/gnb/en/departments/erd/services/services_renderer.201003.Fishing_-_Crown_Reserve_Licences.html#serviceFees

Fall rates will be determined at a later date.

Those who have already paid their fees or who wish not to accept their dates due to camp closures, can request a partial or full refund by contacting the Department of Natural Resources and Energy Development at 1-506-444-4689.
