

WARNING

Invasive Species Alert

Smallmouth Bass in the Miramichi River

If you catch a smallmouth bass in the Miramichi River system:

Do NOT release it

- Retain the fish
- Note your location, with GPS coordinates if possible
- Report to DFO at:
1-866-759-6600

Invasive smallmouth bass have been observed in the Miramichi River. This non-native species poses a severe threat to the ecosystem, including Atlantic salmon and brook trout.

It is illegal to transfer fish or stock waters without authorization. Protecting native species and ecosystems is everyone's responsibility.

*Please report illegal fish stocking or the presence of new fish species to:
1-866-759-6600 or email: invaders.glf@dfo-mpo.gc.ca*
