

Who has the responsibility for the Snowmobile and ATV trail systems in New Brunswick?

The ATV and snowmobile trail systems are managed by the Trail Managers. The ATV Trail Manager is the New Brunswick All Terrain Vehicle Federation (NBATVF) and the snowmobile Trail Manager is the New Brunswick Federation of Snowmobile Clubs Inc. (NBFSC). Use of Crown Land for the purpose of trails is granted to the Trail Managers through formal legal agreements which include specific terms and conditions.

Who can apply to use Crown Land or Park Land for motorized trails?

Only the NBATVF and NBFSC can submit applications to use Crown Land for motorized trails. Any local club wishing to establish trails on Crown Land may do so only through their Federation.

What is the application process for new trails or amendments to existing trails?

A complete proposal must be submitted to the Provincial Trail Planning Committee (PTPC) by the Trail Manager for pre-screening. Following review, the PTPC will then forward the proposal to the Department of Energy and Resource Development (ERD) or the Department of Transportation and Infrastructure (DTI) for evaluation, review and recommendations. For ERD, there is a non-refundable application fee of \$300.00 plus HST and an issuance fee in the amount of \$200.00 plus HST.

When do the snowmobile trails open each year?

Typically, authorizations for snowmobile trails on Crown Land are provided from December 1 to April 15 each year. Check with the Trail Manager for more information.

If a club wants to build a club house on Crown Land by a portion of a trail, is that included in the trail agreement?

No, it is not part of the trail authorization. To build a club house on Crown Land, an application for a Lease must

be completed and submitted by the Trail Manager on behalf of the club along with the non-refundable application fee of \$300.00 plus HST and any required attachments.

Can trees be cut along the trails?

You must contact the Regional or District office to obtain permission before cutting any trees on Crown Land. Trail Managers have no timber rights on Crown Land.

Can shelters be built along an ATV or snowmobile trail?

Shelters may be constructed next to an authorized trail on Crown Land provided that:

- the location is approved by ERD
 - they are no larger than 20m² in area
 - they contain toilets within the shelter or near the shelter in accordance with Department of Health standards
 - they contain only: chairs, benches, a table and a stove
 - chimneys are equipped with spark arrestors
 - they are at least 30 km away from next nearest shelter.
- Requests must be made by the trail manager.

What is meant by a “groomed” trail?

According to the *Off-Road Vehicle Act*, groomed means to use mechanical equipment to aerate, compact and smooth the snow on a trail.

For a copy of the *Act*, visit the government website: www.gnb.ca/acts or contact the Department of Public Safety.

What is a “managed” trail?

The entire groomed surface width of a trail or portion of a trail that is identified as a managed trail by signage posted or erected in accordance with the requirements established in an agreement made between the landowner (Crown or private) and the Federation.
