

APPRENTICESHIP AND OCCUPATIONAL CERTIFICATION

Board Order

This is an order of the New Brunswick Apprenticeship and Occupational Certification Board made pursuant to section 13 of the Apprenticeship and Occupational Certification Act.

Title: Tasks, Activities and Functions of a Designated Occupation

Category: Voluntary

Occupation: Insulator (Heat and Frost)

Board Order Number: V074.1

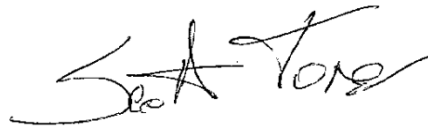

Board Order Date: September 5, 2013

Effective Date: December 1, 2013

SCOPE OF THE OCCUPATION

The insulator (heat and frost) occupation includes

- (a) the handling, fabricating and applying of insulation products for thermal control;
- (b) the spraying, pouring and mixing of insulation products;
- (c) the repairing, reconditioning, adjusting and maintaining of insulation systems;
- (d) the erecting, assembling, moulding, altering and dismantling of components used in the insulator occupation;
- (e) the installing of finish materials to insulation including all service jackets, metal, plastic, cement, mastic and reinforcing mesh;
- (f) the applying of weatherproofing materials for hot or cold thermal insulation;
- (g) the abatement and removal of asbestos relating to the insulator occupation;
- (h) the installing of thermal insulation on pipes, fittings and valves in hot and cold applications;
- (i) the installing of insulation and related finishing materials on boilers, ducts, flues, tanks, vats and equipment;
- (j) the applying of insulation for fire proofing, fire stopping and sound proofing; and
- (k) the using of hand and power tools and equipment related to the insulator occupation including pin and stud welding equipment.
