Transmittal Letters

From Minister to the Lieutenant-Governor

The Honourable Jocelyne Roy-Vienneau
Lieutenant-Governor of New Brunswick

May it please your Honour:

It is my privilege to submit the Annual Report of the Regional Development Corporation, Province of New Brunswick, for the fiscal year April 1, 2014 to March 31, 2015.

Respectfully submitted,

Honourable Victor Boudreau
Minister responsible for the Regional Development Corporation

From President to Minister

Honourable Victor Boudreau
Minister responsible for the Regional Development Corporation

Sir :

I am pleased to be able to present the Annual Report describing operations of the Regional Development Corporation for the fiscal year 2014-2015.

Respectfully submitted,

Bill Levesque
President

Minister's Message

By working in partnership with other governmental agencies, institutions, and not-for-profits to support development priorities within New Brunswick, the Regional Development Corporation ensures that economically challenged regions within New Brunswick are provided with the necessary tools and infrastructure required to attain their full potential in terms of community and economic development.

Thanks to the hard work of the Corporation's staff, Board of Directors, and partners, our government has been able to support New Brunswickers and their communities by providing high-quality programs and services while remaining fiscally responsible. I would like to extend our government's sincere appreciation to all those who contributed to this report and to the success of the organization throughout 2014-2015.

The work of the Regional Development Corporation is vital to New Brunswick's economic renewal. As our government continues to create jobs, ensure New Brunswick is the best place to raise a family, and manage our public finances responsibly, the Regional Development Corporation's work will continue to be of utmost importance now and into the future.

Victor Boudreau

Minister responsible for the Regional Development Corporation

President's Message

This report highlights the many noteworthy accomplishments of the Regional Development Corporation over the past year.

The Corporation's success this year would not have been possible without the hard work of our dedicated front-line staff, who provide excellent and professional service delivery to our clients on a daily basis. I would also like to acknowledge the contribution of the members of the Board of Directors of the Corporation and express my gratitude for their ongoing advice and counsel.

The cooperation of provincial departments and agencies continues to be key to the successful implementation of many of the programs and projects funded by the Corporation. I also want to note the support of the staff of federal government departments and agencies involved with the developmental activities described in this report.

I am proud of the hard work and dedication of all our contributors who continuously come together to make New Brunswick a great place to live and work.

Introduction

The Regional Development Corporation is pleased to submit its 2014-2015 Annual Report. The report summarizes the activities and programs financed by the Corporation on behalf of the Province of New Brunswick. It includes information about agreements, programs and expenditures.

During the 2014-2015 fiscal year, the Corporation continued to play a significant role in agreements between the Province of New Brunswick and the federal government. The Corporation was also involved in the coordination and financing of a number of the provincial economic and community development initiatives described in this report.

Mission

Working in partnership to support the development priorities of New Brunswick.

Mandate of the Corporation

Under the Regional Development Corporation Act, the mandate of the Corporation is to:

- to administer and manage development agreements between the Government of the Province and the Government of Canada as assigned by the Lieutenant-Governor in Council;
- to assist in the establishment and development of enterprises and institutions operated by corporations, trusts, partnerships, societies and individuals;
- to assist in the establishment and development of facilities relating to tourism and recreation;
- to assist municipalities and rural communities in planning and developing works or projects of benefit to the general public;
- to prepare plans for regional development;
- to coordinate and guide regional development; and
- to carry out any duties assigned by the Lieutenant-Governor in Council.

Objectives

The broad range of objectives and powers afforded the Corporation, per its enabling legislation, combined with its involvement in all economic development agreements, save and except Highways, provides government with an organization having:

- the ability to react quickly to unforeseen situations as identified by Cabinet;
- the power to finance and implement projects which cut across the mandates/responsibilities of several government departments;
- the financial flexibility to allocate funding between agreements and programs as circumstances warrant;
- a broad knowledge of activities taking place in the regional economic development field;

- expertise and speed in recovering funding due from Canada under cost-sharing agreements; and
- a board of directors which enhances co-operation and coordination among the deputies of economic departments in support of the Government's priorities.

Administration of the Corporation

The Corporation consists of a Board of Directors appointed by the Lieutenant-Governor in Council. The membership is generally drawn from Deputy Ministers of provincial departments and Presidents of Crown agencies. The President of the Corporation is also the Chairperson of the Board of Directors.

The Corporation reports to the Legislature through the Minister responsible for the Regional Development Corporation.

Division Overview

- Minister (Minister's Office)
- President (Deputy Head's Office)
- Corporate Secretariat (Secretariat)
- Policy, Strategy and Innovation (Agency)
- Corporate Services and Programs (Division)
- Development and Special Initiatives (Division)

Official Languages

The Corporation recognizes its obligations and is committed to actively offering and providing quality services to the person in their official language of choice. During the 2014-2015 fiscal year, no complaints were received relating to services provided by the Corporation.

The Role of the Corporation

Regional Development Initiatives

The government has assigned to the Corporation the responsibility for the coordination of the implementation of a number of provincial, regional or sectorial developmental initiatives. During the fiscal year, the Corporation was responsible for the following initiatives and funds:

- Northern New Brunswick Economic Development and Innovation Fund;
- Miramichi Region Economic Development and Innovation Fund;
- Total Development Fund; and
- Investment in Innovation.

Community Development Initiatives

The Corporation was also responsible for the following community development initiatives:

- Family and Youth Capital Assistance Program;
- Community Events Program; and
- Special Initiatives.

Fund Management and Administration

The Corporation was responsible for the funding of other programs and activities during the year including:

- Francophonie and Official Languages Program; and
- Aboriginal Affairs Initiative.

Federal-Provincial Agreements

The Corporation is the lead agency in the planning and negotiation process for federal and provincial development arrangements and agreements. The Corporation also makes recommendations to Cabinet concerning regional economic development priorities.

The Corporation's ongoing role is to provide financial and administrative management for all federal-provincial agreements relating to provincial development. The delivery of programs and projects under these agreements is primarily the responsibility of provincial line departments.

The Corporation also works closely with the Atlantic Canada Opportunities Agency on a range of regional economic development projects and issues in New Brunswick.

During the year, the Corporation was involved in the implementation of the following federal-provincial cost-shared agreements:

- Canada—New Brunswick Provincial Gas Tax Transfer Fund;
- Administrative Agreement on the Federal Gas Tax Fund;
- Canada—New Brunswick New Building Canada Small Communities Fund; and
- Canada—New Brunswick Bilateral Agreement to Advance Sport Participation.

Regional Development Funding

Northern New Brunswick Economic Development and Innovation Fund

During 2011-2012, the Regional Development Corporation unveiled the Northern New Brunswick Economic Development and Innovation Fund. The \$200-million Fund was a four-year undertaking that expired on March 31, 2015.

The Northern New Brunswick Economic Development and Innovation Fund, announced in October 2011, supports projects intended to develop, diversify and grow the economy and communities of the region by finding new ways to attract and retain investment. The Fund focuses on the following five prioritized areas:

- Growth and Development Capital
- Adoption of Information and Communication Technology (ICT)
- Research, Development and Innovation
- Improving strategic infrastructure
- Advanced workforce development

Areas eligible for assistance under the Northern New Brunswick Economic Development and Innovation Fund include those defined by the Victoria, Madawaska, Restigouche and Gloucester county boundaries.

During the 2014-2015 fiscal year, a total of 247 initiatives were supported under this Fund at a total cost of \$20.1 million. Assistance is available in the form of a non-repayable loan, loan or loan guarantee. A detailed list of the projects funded during the year and the amount invested in each project is included on pages 48 to 56 of this report.

Miramichi Regional Economic Development and Innovation Fund

During 2011-2012, the Regional Development Corporation unveiled the Miramichi Regional Economic Development and Innovation Fund. The \$50-million Fund is a four-year undertaking expired March 31, 2015.

The Miramichi Regional Economic Development and Innovation Fund, announced in October 2011, supports projects intended to develop, diversify and grow the economy and communities of the region by finding new ways to attract and retain investment. The Fund focuses on the following five prioritized areas:

- Growth and Development Capital
- Adoption of Information and Communication Technology (ICT)
- Research, Development and Innovation
- Improving strategic infrastructure
- Advanced workforce development

Areas eligible for assistance under the Miramichi Regional Economic Development and Innovation Fund is defined by the boundaries of the county of Northumberland and portions of Kent County.

During the 2014-2015 fiscal year, a total of 61 initiatives were supported under this Fund at a total cost of \$20.6 million. Assistance is available in the form of a non-repayable loan, loan or loan guarantee. A detailed list of the projects funded during the year and the amount invested in each project is included on pages 56 to 58 of this report.

Total Development Fund

The Total Development Fund is designed to support value-added innovation in the province's resource sectors: forestry, mining, energy, aquaculture, agriculture, fisheries, new technologies and tourism.

During the 2014-2015 fiscal year, 138 projects were funded under this program and total expenditures amounted to \$13 million. A detailed list of projects and expenditures can be found on pages 44 to 48 of this report.

Investment in Innovation

The government has worked closely with industry and research institutions to develop an Innovation Agenda which will contribute to New Brunswick's economy. The Innovation Voucher Program was created as part of this commitment to support research and innovation initiatives within industry and research institutions.

The goal of this program is to leverage existing public infrastructure and investments in research institutions in the province to increase productivity and capacities to respond to industry and market needs. The program is designed to ensure that research investments by the province are relevant and generate positive returns.

In 2014-2015, the New Brunswick Innovation Foundation was awarded \$20.8 million under this program to deliver the Industry Research Voucher Program, the Venture Capital Fund and Seed Venture Fund. The Industry Research Voucher Program was designed to improve profitability and competitiveness of New Brunswick companies through increased investment in innovation and to increase business expenditure on research and development. The Venture Capital Fund and Seed Venture Fund support the creation and development of entrepreneurial ventures by offering venture capital, seed capital and professional support to New Brunswick companies that focus on innovation.

In total, the Regional Development Corporation provided \$23.5 million dollars in innovation funding. A detailed list of projects and expenditures can be found on page 58 of this report.

Community Development Initiatives

Family and Youth Capital Assistance Program (FYCAP)

The Family and Youth Capital Assistance Program was established in 2000 with the objective of providing funding for capital initiatives in support of youth and family community oriented projects that would otherwise not proceed. The program is designed to complement the federal and provincial programs related to community development.

During the 2014-2015 fiscal year, 93 projects were funded under this program and total expenditures amounted to \$1.74 million. Individual projects received a maximum contribution of \$50,000 and this amount was supplemented by additional community resources. A full list of projects supported and expenditures by project can be found on pages 38 to 41 of this report.

Community Events Program

During the 2014-2015 fiscal year, the Corporation contributed \$325,500 to support 84 projects under its Community Events Program. These projects are located throughout the province and include contributions to festivals and community events. A complete list of projects and the amount each received can be found on pages 41 to 43 of this report.

Special Initiatives

During the 2014-2015 fiscal year, the Corporation funded 157 projects under the heading of Special Initiatives at a total cost of \$20 million. A detailed list of projects can be found on pages 33 to 38.

Fund Management and Administration

Francophonie and Official Languages Program

In partnership with the Department of Intergovernmental Affairs, the Regional Development Corporation administers the Francophonie and Official Languages Program. During the 2014-2015 fiscal year, RDC contributed \$4.39 million to the program. A detailed list of projects can be found on page 33.

Aboriginal Affairs Initiative

The Aboriginal Affairs Initiative is a partnership among the aboriginal community, and the federal and provincial governments. The Corporation supports activities being carried out by the Aboriginal Affairs Secretariat.

The purpose of the Aboriginal Affairs Initiative is to bring Aboriginal, federal and provincial representatives together to identify and pursue undertakings that would contribute to economic development of Aboriginal people. Proposals may be focused on specific groups or communities according to circumstances.

During the 2014-2015 fiscal year, a total of \$2 million was spent on the initiative. This includes a provincial contribution of \$1 million. A detailed list of projects can be found on pages 43 to 44.

Financial Overview - RDC

Table 1 compares the Main Estimates and the actual expenditures for RDC for the fiscal year 2014-2015. An explanation is also provided on the variances from the budget.

Financial Overview - RDC 2014-15

Program	Main Estimates (000)	Expenses (000)	Variance (under) over (000)
Ordinary account			
Regional Development Initiatives	41,991.7	77,928.8	35,937.1
Community Development Initiatives	22,300.0	22,643.8	343.8
Fund Management and Administration	6,864.3	6,500.8	(363.5)
	\$71,156.0	\$107,073.4	\$35,917.4
Capital Account			
Economic Development & Innovation	4,125.0	3,575.1	(549.9)
	\$4,125.0	\$3,575.1	(\$549.9)
Total	\$75,281.0	\$110,648.5	\$35,367.5

Notes

Regional Development Corporation (RDC) ordinary expenses were over budget by \$35.9 million. The following is an explanation of the variances from the original budget:

Regional Development Initiatives were overspent due to additional projects approved by government during the year.

Community Development Initiatives expenses were over budget as expenses were more than anticipated.

Fund Management and Administration expenses were under budget as expenses were less than anticipated.

In 2012-13, RDC became part of the Department of Economic Development reporting entity. RDC's expenses exceeded its budget; however, some of the overage was covered by the department's budget which was under spent. In addition, government approved additional projects and funding during the year with the intention of covering the overage with a supplementary estimate.

Special Operating Agency (SOA)

The Special Operating Agency was established at RDC in 1994. SOAs are distinct service operations within departments or agencies which are given increased management flexibility to do business in return for increased management accountability based on the achievement of defined performance goals. The initial task assigned to the RDC-SOA in 1994 was to manage a federal-provincial infrastructure program.

An SOA provides financial flexibility in managing cash flow and is also able to carry-over unexpended appropriations to subsequent years. This element is important, especially for major projects, because project scheduling may well mean that expenditures are incurred in more than one fiscal year since payments are based on when the work is actually accomplished.

Building Canada Fund

The Building Canada Fund (BCF) was the Government of Canada's flagship infrastructure program that ran from 2007 to 2014. It advanced the national priorities important to all Canadians: a stronger economy, a cleaner environment, and better communities, while addressing local and regional infrastructure needs.

The Canada — New Brunswick Framework Agreement identified federal funding for infrastructure and outlined how the Building Canada Plan would operate in the province. It also established a governance framework through which the two governments worked together to identify and address infrastructure priorities. Through the Agreement, the two governments worked to establish a mechanism for reporting to Canadians on the results of these investments.

Under the Canada—New Brunswick Framework Agreement, the Province of New Brunswick received \$25 million base funding annually, for a total of \$175 million for infrastructure priorities in New Brunswick. The program ended in 2014 and was renegotiated under the terms of the New Building Canada Plan.

Building Canada Fund - Communities Component

As part of the Building Canada Program, the Communities Component and Top-Up Agreement was a cost-shared component on a one-third basis among federal, provincial and municipal counterparts designed to support New Brunswick's long-term infrastructure plan.

During the 2014-2015 fiscal year, expenditures amounted to a total of \$3.49 million.

The New Building Canada Fund

In 2014, the New Building Canada Plan (NBCP) was introduced by the Government of Canada. The plan will provide over \$53 billion in infrastructure funding across the country over the next 10 years. For New Brunswick, this represents approximately \$866 million of dedicated federal funding.

The New Building Canada Fund (NBCF) is one component within the overall New Building Canada Plan that supports projects of national, regional and local significance that promote economic growth, job creation and productivity. New Brunswick will receive almost \$394 million under the NBCF, which will be distributed by the Regional Development Corporation.

Federal Gas Tax Agreement

As part of the New Building Canada Plan, the renewed federal Gas Tax Fund (GTF) provides predictable, long-term, stable funding for Canadian municipalities to help them build and revitalize their local public infrastructure while creating jobs and long term prosperity.

Over the first five years (2014-2019), New Brunswick will receive \$225M in funding under the GTF. During the 2014-2015 fiscal year, expenditures amounted to a total of \$20.1 million.

Gas Tax Transfer Fund

The Gas Tax Transfer Fund was the component under the Building Canada Plan that allocated funds to projects that supported environmentally sustainable municipal infrastructure projects that contribute to cleaner air, cleaner water and reduced greenhouse gas emissions.

Under the first phase of the Agreement, federal contributions of \$116.06 million and provincial contributions of \$30 million were committed to support predictable and long-term infrastructure in cities, towns and local service districts of the province. In 2010, a second phase began and an additional \$178.5 million was provided to the fund by the Government of Canada.

Sawmill Rationalization Fund

The Sawmill Rationalization Fund is a provincial fund established through fees charged on the sale or transfer of Crown fiber allocation to another sawmill. Fees collected are utilized to support economic development initiatives in communities and regions impacted by a sawmill closure.

Working with the Department of Natural Resources, the Corporation provides overall management including financial and administrative management of the fund.

Financial Overview - SOA

Table 2 compares the Main Estimates and the actual expenditures for RDC-SOA for the fiscal year 2014-2015. An explanation is also provided on the variances from the budget.

Notes

Regional Development Corporation Special Operating Agency expenses were over budget by \$1.8 million. The following is an explanation of the variances from the original budget:

Canada-New Brunswick Gas Tax Transfer Fund and Provincial Top-up and Building Canada Fund - Communities Component were less than anticipated.

Other funds and programs were over spent due to unanticipated program expenses.

AUDITOR GENERAL
OF NEW BRUNSWICK

INDEPENDENT AUDITOR'S REPORT

To the Lieutenant-Governor in Council

- and -

The Chairperson and Directors

Regional Development Corporation

Report on the financial statements

I have audited the accompanying financial statements of the Regional Development Corporation, which comprise the statement of financial position as at March 31, 2015, the statement of operations and change in accumulated surplus, the statement of cash flow and the statement of changes in net financial assets for the year then ended, and a summary of significant accounting policies and other explanatory information.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with Canadian public sector accounting standards, and for such internal control as management determines is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

My responsibility is to express an opinion on these financial statements based on my audit. I conducted my audit in accordance with Canadian generally accepted auditing standards. Those standards require that I comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

I believe that the audit evidence I have obtained is sufficient and appropriate to provide a basis for my audit opinion.

Opinion

In my opinion, the financial statements present fairly, in all material respects, the financial position of the Regional Development Corporation as at March 31, 2015, and the results of its operations and change in accumulated surplus, its cash flows, and its changes in net financial assets for the year then ended in accordance with Canadian public sector accounting standards.

REGIONAL DEVELOPMENT CORPORATION

Notes to the Financial Statements

March 31, 2015

Regional Development Corporation (the Corporation) is a provincial Crown agency incorporated by the *Regional Development Corporation Act*, an Act of the New Brunswick Legislature. The Corporation has management and/or administrative responsibility for initiatives assigned to it by the Province of New Brunswick. All operating funding is provided to the Corporation by the Province of New Brunswick. The Corporation has no share capital and the Act does not provide for this.

The Corporation established a Special Operating Agency (SOA) effective March 31, 1994. The SOA is responsible for the management and administration of a number of Canada - New Brunswick agreements and other initiatives assigned to it by the Province of New Brunswick.

1. Summary of Significant Accounting Policies

General

These financial statements are prepared by management in accordance with Canadian public sector accounting standards (PSAS) as issued by the Public Sector Accounting Board.

a) Financial Statements

The financial statements provide the combined results of the Corporation and the Special Operating Agency. Details of operating results are in Notes 12 and 13.

b) Concessionary Loans

Loans that are significantly concessionary because they earn a low rate of return are originally recorded as assets at the net present value of the expected future cash flows. The net present value is calculated at each year end.

c) Tangible Capital Assets

Tangible capital assets include acquired, built, developed and improved tangible assets, whose useful life extends beyond the fiscal year and which are intended to be used on an ongoing basis for producing goods or delivering services. Tangible capital assets are amortized on a straight-line basis over their estimated useful lives. Although the Corporation did not have any tangible capital assets at March 31, 2015, the Corporation owns the land and equipment related to the Charlo dam and pipeline.

d) Revenue Recognition

Revenue and recoveries are recognized on an accrual basis as earned. Amounts receivable but deemed uncollectable are recognized as bad debt expenses. Amounts received but not earned are recorded as deferred revenue.

e) Measurement Uncertainty

The preparation of financial statements in accordance with PSAS requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities at the date of the financial statements, and the reported amounts of revenues and expenses during the reporting period. The most significant areas requiring the use of management estimates related to the determination of provisions for loans, recognition of revenue and contingent liabilities. Actual results could differ from management's best estimates, as additional information becomes available in the future. Contributions received from the federal government under Canada-New Brunswick cost-sharing agreements are subject to adjustment following audits for federal authorities.

f) Government Transfers

Government transfers are transfers of money, such as grants, to an organization for which the Corporation does not receive any goods or services directly in return.

Government transfers are recognized in Corporation's financial statements as expenses in the period the events underlying the transfer occurred, as long as the transfer is authorized and eligibility criteria have been met. Government transfers are comprised of expenses under cost-shared agreements. Certain revenues and expenditures are not classified as government transfers as they are flow through arrangements.

g) Expenses

Expenses are recorded for all goods and services received or consumed during the year.

h) Pension Expenses Paid by the Province of New Brunswick

All employees of the Corporation are entitled to receive pension benefits under the New Brunswick Public Service Superannuation Plan. Effective January 1, 2014 the Province converted this plan to the Public Service Shared Risk Plan. This converted plan requires all employer classified full-time employees to participate in this new plan. The plan continues to be a multi-employer plan under which contributions are made by both the employee and employer. The Corporation is not responsible for any unfunded liability nor does it have access to any surplus with respect to its employee pensions. Employer pension contributions paid by the Corporation were \$433,004 in fiscal 2014-15 and \$419,582 in the prior year.

i) Retirement Allowance Benefits

The Province of New Brunswick made changes to its retirement allowance program in the previous year and effective March 31, 2013, management and non-union employees of the Corporation no longer accumulate retirement allowance credits. Up until 31 March 2013, the Corporation provided supplemental benefits in the form of retirement allowances to certain employees. Employees who were participating in this program (hired prior to 1 April 2011) were offered a choice of a pay-out in lieu of a retirement allowance or, for those with more than five years of service, an option to defer the pay-out until retirement. If employees who elect to defer their payment should leave the employ of the Province before retirement, they would forfeit their allowance. As the majority of employees chose the pay-out option in the prior year, only a small amount remains deferred until their retirement.

j) Reporting on Legislative Authority

In 2012-13, the Corporation became part of the Department of Economic Development reporting entity. The Corporation's budget appears as a separate line item within the overall budget of the Department. The Corporation's expenses exceeded its budget in 2014-15; however, some of the overage was covered by the department's budget which was under spent. Re-allocation of budget dollars within a department is permitted according to legislative authority. Government approved additional projects and funding during the year with the intention of covering the overage with a supplementary estimate.

k) Provision for losses

Provisions for losses are established for loans and loan guarantees. An annual review is performed on loans and loan guarantees and a provision is made, which reflects management's best estimate of probable losses.

	\$ 9,466,634	\$ 9,213,684

7. Accumulated Surplus

The accumulated surplus results from revenue received by the SOA from the Province of New Brunswick for which there are future commitments under Federal-Provincial agreements. The accumulated surplus is restricted for the purpose of meeting these commitments. The significant increase is due to the recognition of the Gas Tax revenue in accordance with Section 3410 on Government Transfers.

8. Commitments

The following amounts have been committed subsequent to March 31, 2015:

	2015	2014
Regional development initiatives	\$ 43,480,833	\$ 78,337,209

9. Contingent Liabilities

a) Contributions from the federal government

Contributions received from the federal government under Canada-New Brunswick cost-sharing agreements are subject to adjustment following audits for federal authorities. Adjustments as a result of federal audits will be reflected in the financial statements of the Corporation in the period of settlement.

b) Guaranteed Loans

The Corporation has guaranteed loans of certain organizations. At March 31, 2015, the contingent liability in respect of these guarantees was \$2,550,793 (2014 - \$1,522,372). The Corporation records a provision for losses on guaranteed loans at the time a loss on a loan guarantee is considered likely. A provision for loss was recorded for Construction Navale Atlantique Inc. in the amount of \$150,000 during the period.

c) Litigation

The corporation may be subject to litigation in the course of its operations. In management judgement, no material exposure exists at this time and accordingly, management has not recorded a provision for loss in the financial statements.

d) Insurance

The Corporation does not carry general liability insurance or property insurance on its assets. Any successful liability claims against the Corporation and any replacement of lost or damaged property are charged to expense in the year of settlement or replacement.

10. Contribution to SOA

The Statement of Operations has been adjusted to eliminate the Provincial contribution to the SOA reported on Note 13. Fund management and administration expenses reported on Note 12 have been adjusted as detailed below. These amounts are reported in the revenue and expenses of the SOA.

11. Financial Instruments

The Corporation's financial instruments consist of cash, accounts receivable, loans, advances, accounts payable and accrued liabilities, and due from Province of New Brunswick. Fair value of these financial instruments approximates their carrying value unless otherwise noted.

Credit risk is the risk that one party to a financial instrument will cause financial loss for the other party by failing to discharge an obligation. The corporation manages this exposure through credit approval procedures for advances and loan applicants, and the monitoring of payments from debtors. The Corporation's maximum exposure to credit risk at March 31, 2015 is equal to the following amounts:

	2015
Advances to Fundy Trail Endowment Fund – In Trust	\$ 4,142,861
Loans	12,259,010
Other Receivables	1,650,596
	<u>\$ 18,052,467</u>

Liquidity risk is the risk of not being able to settle or meet an obligation on time or at a reasonable price. The Corporation repays the Province of New Brunswick when debtors make loan or advance repayments, therefore if a debtor fails to meet their obligations, the Corporation may be unable to pay the Province of New Brunswick.

It is management's opinion that the Corporation is not exposed to significant interest or currency risk arising from these financial statements.
